Brand Guidelines

AMLA TECHNOLOGIES

Oct 2023

The Logotype

1. This is the full logotype complete with the company's full name. The 'K' of AMKA stylized as stripes to give the illusion of movement for the logo.

2. This is the logotype without 'Tech Solutions' in it. Can be used interchangeably depending on the application.

3. Smallest size for the logo on print is 30 mm or 85 pt. The lines on 'K' reduced from 13 to 7 lines so it won't look cluttered when printed out.

3

Incorrect Usage

1

Don’t stretch the logo.

2

Don’t change the fonts.

3

Don’t add shadow on the logo.

4

Avoid using unapproved colorways.

5

Avoid placing logo over imagery that impares its legibility.

6

Don’t resize parts of the logo.

Tone of Voice

1. **Trustworthy and Client-Centric**

AMKA's voice is characterized by its focus on safety, reliability, and efficiency, projecting trust and competence. The tone should be professional yet accessible, emphasizing long-term client relationships built on trust, respect, and integrity.

2. **Adaptable to Context**

In formal business communications, such as official reports or presentations, the tone should be more formal and authoritative.

In contrast, social media posts, blog articles, and direct customer communications can adopt a more conversational and engaging tone to foster better connections with the audience.

Editorial Guideline

1. **Language**

   Use British English for the English version and Standard Malay for the Malay version, ensuring linguistic accuracy and cultural relevance in both.

2. **Grammar and Punctuation**

   Adhere to the grammatical rules and punctuation norms of both British English and Standard Malay. Prioritize clarity and precision, especially in technical information.

3. **Formatting Consistency**

   Maintain consistent use of ‘Poppins’ for headings and ‘DM Sans Family’ for body texts in both language versions, ensuring a unified visual brand identity.

4. **Cultural and Linguistic Nuance**

   In the Malay version, use terminology and expressions that resonate with Malay-speaking audiences. Ensure that technical terms are accurately translated and culturally adapted while retaining the essence of AMKA’s expertise and services.

Visual Imagery and Photography

1. **Image Quality and Consistency**

   Ensure that all imagery associated with AMKA is of high visual quality, showcasing the company's technical expertise and innovation in a clear, detailed manner. Each image should be carefully chosen and edited to maintain a consistent style and quality, aligned with AMKA's brand color palette and visual aesthetics.

2. **Brand-Specific Elements**

   Introduce elements that uniquely represent AMKA, such as specialized equipment or distinctive service processes, to enhance brand recognition.

3. **Local Flavor**

   Since AMKA is based in Malaysia, include imagery that resonates with the local culture and environment, showcasing how your services integrate into the Malaysian context.

4. **Diversity and Inclusion**

   Ensure that the diversity in imagery goes beyond just racial and gender aspects. Include a variety of professional roles, ages, and settings to represent the wide range of clients and scenarios AMKA engages with.

Brand Application On Print Materials

1. **Business Cards and Stationery**

   Incorporate AMKA's logo, color palette, and typography consistently. Ensure contact information is clearly presented.

2. **Brochures and Flyers**

   Use high-quality images and concise, impactful text that conveys AMKA's services and value proposition effectively.

3. **Trade Show Materials**

   Design banners and booth elements that are visually striking and aligned with the brand's visual identity, ensuring they stand out and effectively communicate the brand message in a busy event environment.

Brand Application on Apparel

1. **Corporate Uniforms**

   Integrate the AMKA logo prominently and use brand palette colors for a professional look. Uniforms should reflect the brand's ethos of reliability and innovation. Also, consider adding website link such as www.amkatech.com.

2. **Coveralls**

   Incorporate the logo in a visible but unobtrusive manner. The design should prioritize safety and practicality, aligning with the brand's focus on efficient and reliable service.

3. **T-Shirts**

   Only crewneck and polo t-shirts are allowed. Use creative placements of the logo and possibly taglines. These should embody the brand's professional yet approachable ethos.

The End
